

Donation Rules:

Donations will be only accepted by appointment. To make an appointment, please call 208.354.6358 or email at info@tvhcare.org (Bilingual)

An Attendant will go through your donation and he/she will also be able to provide a receipt, listing each item.

All electronics will be tested at the donation time.

No Donations pick up at this time.

We do not repair broken items.

A good rule of thumb is : if you would give it to a friend, you could give it to See-N-Save. We only accept gently used items.

Donation attendants must decline recalled items or donations that cannot be sold because of quality and safety concerns.
